### Location

Tiruchirapaalli, Tamil Nadu

## EDUCATION

2021 - 2025

### M.A.M College Of Engineering

- Computer Science  
And Engineering

## PROJECTS

### Postio-Social Media App

Built a feature-rich social platform with React.js, leveraging Context API for state management and JSON Server for backend simulation. Implemented dynamic routing, CRUD operations, and Axios for API handling. Designed responsive UI with clean component structure and reusable code patterns.

### Netflix Web Page Clone

Developed a responsive Netflix-like landing page using React and Vite for fast builds and efficient development.

Focused on UI/UX design with mobile-first CSS layout and modern visuals.

Demonstrated frontend skills with component-based structure and media handling.

### Todo List

Created an interactive to-do list using vanilla JavaScript with real-time task addition and deletion.

Implemented DOM manipulation techniques and maintained task state with clean logic.

Focused on simplicity, functionality, and responsive design basic.
